

## ISSUES FOR DISCUSSION

### 1. Reorganization

- Timing, generically - the trauma factor
- DNI
  - Divorcing DCI from staff, thus
    - Weakening him in fact
    - Politicizing office
- Splitting Analysts from Operators
  - Risks
- Separate Clandestine Service
  - Risks
- PFIAB and IOB
- 12036 (informal suspension)
- Executive Orders and problems of re-drafting
  - Independent task force: Houston, Warner and Lapham.  
Baker, Banner, General Counsels (e.g., Silver)
  - Short-term legislative proposal

### 2. O/DCI

- Three tasks
  - Pres Advisor
  - Head of Community
  - Head of CIA
- Six constituencies
  - President
  - NSC Members
  - Congress
  - Community
  - For Services
  - Own troops

- Interacting and reinforcing

- Why break up new DCIs inheritance de novo

### 3. Quality of Analysis

- Hindsight criticism

- Competitive Analysis

- The multiple estimate problem

- Staff synthesis must be done somewhere

- Would rescind 102 of NSAct of 1947 and DIA -- reverting to pre-1946 situation

### 4. Covert Action

- Not a substitute for policy, operates at margin

- Need for continuing stable of assets

- Impracticality of division

- "Determinations" and Funding

### 5. Counter-Intelligence

- The obvious need

- The delicacy of the issues

- The complex mix:

- The CI elements of the Agency

- The Office of Security

- The FBI

- The Armed Services

- Problem areas: Apples, Oranges and Kumquats

- The files question

- Non-criminal standards

- The issues

- Need for further study

- The Notion of a separate CI Service
  - The OSO/OPC Warning
- The Notion of a separate CI cone
  - The nature of the work (the office of security role)
  - The psychological pressures
- What should be done
  - People and structure (the Hoover/Angleton problems)
  - Strengthen and at least partially re-build
  - The delicate need
  - The pragmatic sanction
